

FATHER SPEAKS ABOUT POLITICS

First Unitarian Church,
Oak Street, San Francisco, CA.
Sunday, 21 May 7th year of Siva Kalpa,
corresponding to 1973

FATHER begins:

I'm going to speak today about today's news, or two or three days news. You see in your newspaper that a great controversy is going around, whether Mr. Nixon had a prior Knowledge of a Watergate bugging or he had a prior knowledge of the incident.

Now the whole world is busy determining whether Mr. Nixon had a prior knowledge of burglary, perjury, forgery, the three major weapons of modern Politics. Right?

Whether he had prior knowledge of these things committed by the highest aides whom he selected. Right? Neither reporters of the newspaper, nor judges, nor anybody selected them so whether he had prior knowledge or not it really doesn't matter, but he selected a bunch of crooks. Right? Who performed these things.

So, he heads a bunch of people who no Self-respect or respect for Truth. The whole thing is respect for Truth, which is respect for Self. If the Self is not made of Truth, definitely it's covered by lies and any structure founded on lies is limited in life.

So you see the destruction and disintegration of this institutionalized way of electing the Representatives and the Head of Government this way is outmoded. This propaganda is outmoded, because all media must speak the truth and about the Knowledge, which is performing those activities around the world.

For the last seven years the world of that type of politics came to an end. The more people are becoming aware of the ending of the system the more the system gets rid of the disease of a superstructure founded on lies, burglary, perjury, and forgery.

Life can breathe more freely if it is founded on Truth.

Disease starts in the mind, not in the muscles. Without lies there shall be no disease, not even physical disease, all physical diseases are created in mind, but we don't see the beginning of disease in mind.

Then you might say: what happens to a baby when the baby falls sick? Definitely the disease of the mind in the elderly people who bring up the babies, you know.

Babies only offer their forms to suffer it. No matter how sick a baby becomes the baby never freaks out. So the babies offer themselves to see the activities of the parents who claim that babies have no knowledge or power.

They don't need any excuse to become happy but these people are always unhappy and they have become used to such unhappiness. Why do they keep themselves busy with all these burglaries, perjuries, and forgeries? Right? Otherwise the vacuum created by the lack of preoccupation of the mind of such people will be forced to think about God, Truth, Love and Self-Respect. Now do you see?

The members of The Foundation of Revelation, Inc., each member cannot be purchased by any physical consideration of money or so called position. Every member of this Foundation loves life and the members of this Foundation feel terribly clannish without the clannish negativity. Because, the people living outside this clan need the service of this Foundation, or this clan as a whole they need the Service.

Now people are talking about impeachment of the President, or his resignation. But, you have to find somebody that can replace him, but there is nobody. But, no member of this family aspires for political power right?

Because, they preside over the change of political Power from the hands of the liars, to the hands of people, you know, who want to serve the people and not fight against the people.

The denial of the Bill of Rights and American Constitution has cleared this destruction of the system. The system can be crushed, but the people shall breathe more freely. But, the people need law, because without law they don't know what is law and what is not law. But, if law is not simple it never comes into operation, it only creates complication and confusion of the brain of the stupid lawyers, totally stupid lawyers, committed or not. Otherwise nobody would ask this futile question, whether the President had a prior knowledge, you know, of the activities of his selected or appointed burglars, perjurers and forgers. They have only done their duty. Otherwise nobody was appointed, you know, from anywhere from the members of the Foundation, who are intelligent, honest, respect Self and feel God and Immortal.

You cannot fight with any body's feeling with a limitation of your feeling as a mortal lump of physical existence. If somebody feels Immortal, no mortal can limit his or her feelings of immortality. Nobody can shake the feeling of greatness in somebody, by his own limitation of weakness, so the consideration of Life is happiness, not a position where you always suffer in concocting lies and trying to cover it up.

This system has been broken down as of seven years ago and you see why it gets broken down it's spontaneous, you needn't do anything, you needn't participate in politics. You have no reason to participate in politics, but you have every reason to help everybody from confusion of political lies and stupidity. Right?

Which wants to continue itself forever right? Till the life on this planet comes to an end, so that nobody shall be impeached in the world of lies at the helm of affairs. RIGHT?

But, nobody wants any revenge. Right?

Nobody is going to become the head of government, from anybody in the Foundation of Revelation, any member of the Foundation of Revelation doesn't seek any position of power in that world.

But, surely they must be intelligent, so that the powerless world of lies cannot hurt these truthful members of the Foundation of Revelation, with Self-respect and irreproachable character.

It's not: a logic, it's a feeling of one's integrity, to remain unspoiled by any physical consideration. You have to preside over it without taking any part.

You know God is doing this. Right? And you are seeing that as clearly, you know, you are seeing much more clearly than you could see in the past. So all you have to do is maintain an order among yourselves or ourselves. We must maintain an order and if we become involved in our own personal difficulties. Right? We won't be able to do the greater job of serving these people.

We don't want any revenge right? We don't want to take any revenge on anybody, but we can observe the destruction of that system and we can help them to build a superior system by the supermen. Supermanhood is not a myth!

It is a Fact!

Supermind is superman and the flesh which reveals a Supermind is not the same flesh as an infer-mental existence.

Bodies begin to change with the advent of Supermind possessing the bodies. The bodies function more freely and healthily in a state of health always including health. In a state of perfect health, nobody feels the body, but it feels the action of the body when need be. It's the Divine Knowledge or the Divine intelligence which is working out this plan. Right?

And that world is getting into destruction and disintegration. This world, you know, is growing larger and larger by inclusion of those members who are becoming more and more disillusioned in a world of perfidious existence.

So this change, from that world to this world, it depends on the rate of growth of this family. The growth of this family doesn't require money, it requires an ability to understand the language which maintains Truth of human activities or the activities of the members of the family, which is Angelic or Divine.

But everybody can have different and distinguished hobbies without preoccupation which blinds ones' own eyes. They're always in combat readiness to, you know, defend the Truth, it's not only... Now since that government is in disintegration you know, without any, we are not fighting against that Government, it is disintegrating all by itself because it's lost its life and cannot survive its own purpose of existence.

As that is getting done, right, we are becoming organized and we can govern ourselves individually and we can govern anybody who comes, you know, physically near the governed bodies and this maintains the law and order in the whole world and becomes a shining example when every person in this family becomes a state.

It has been achieved, you have to realize it faster. The faster this transition, because if this change takes place in say 30 generations, actually due to lack of communication, you know, the generation gap was created and this experience of the generation gap and the Modern Times. That is the period of Mr. Nixon and your parents. Right? Who could not communicate with this generation of Truth who disregards all their sense of values founded on founded on lies or fiction so that religion of that world. The teachings of that world only maintains that world. Right?

Where lies rule the Time and life suffers as an individual life, or as a life in many forms. They get confused, clarity is Light, confusion is darkness and every form which you see in darkness becomes blurred and almost without contours, they look like ghosts.

So, nobody knows the personality of the people at the helm of affairs of yesterday's world. Right? And there is no character and there is no knowledge, so therefore you needn't know them except as.... powerless individuals.

Where there is lack of power there is oppression. Where there is power it removes oppression. It provides protection from oppression. This is power.

To create oppression is lack of power. Mistakenly the ability to oppress was considered as power, but when you know that perfection is power, then the ability to oppress will disappear, by your presentation of forms in word, action and thought as one and the same thing. They use words only to hide themselves from their activities. We use words for self expression of Truth in all our forms. Now, this is being recorded right, for their service. It doesn't matter who becomes the president, right, but they must abide by the Law, by the Will of the Foundation of Revelation which is unified in thousands of people around the world.

Because they know how to agree and they show their ability to agree among themselves and they're working towards the world and this visit is the same thing as the politicians who visit each other and talk behind the doors and they come out with joint manifesto to confuse the people of both nations.

Here there is no such thing. Right? Behind the doors everybody from everywhere can listen to the Truth. If they cannot bear the Truth they will burn their ears.

They have no power to tamper with our existence's anymore. No matter how corrupt the American system is, yet it is the best by far than any other nations and the bottom of this perfidy is practiced in India.

Since I have no attachment to the nationality of the form in which I am for Truth it helps all nations under one God, because it compels understanding.

Not only it works mentally it also works physically. Anybody trying to work against this Supermind shall get struck physically and the circumstances will immediately help the destruction of such a personality.

The Bodies can be divided by space. Right? But mind cannot be divided by space. Right? So in a world of ignorance bodies disregarded the priorities of mind.

So as long as the physical science, the method of trying to understand anything by analysis is obsolete today by the advent of higher knowledge which does not disregard the knowledge of a physical science or natural science, but is the natural science of matter.

Have you ever tried to apply this natural science which you discovered in matter to the rhythm of life and mind? It will work equally well. So Natural Science has provided me with the leverage to convince scientists of a higher order of existence. Those people who are teaching in academies today, they think they have nothing to learn.

Because they teach, all they teach are theories founded on fictions and they claim that all knowledge is born of theories and founded on fictions. Knowledge is not born on theories, it is proved by repeated practice and established as law of existence, that's knowledge.

So to have experience Mind cannot be disregarded, because it bears the memory of thousands of generations of people. Since the Genesis and the successive fall from Knowledge, till seven years ago, it touched bottom and crushed to pieces, it's not lost.

So what the politicians do we are going to do the same thing right? We are going to see the different centers of our government. They govern these respective places, but the directives come from San Francisco Headquarters.

So obedience to the Headquarters maintains agreement among the different governments functioning in different nations. As that government is breaking down this government is becoming larger and larger. Right? Here there is no such paraphernalia, or burial of papers scribbled with lies called archives.

We maintain everything in memory without waste of paper and ink and other materials. If you can remember you needn't note them down and if you don't lie, you will remember everything.

If you don't lie you will remember everything, the nature of the mind is to record and remember. But, when the world or the Time becomes a liar, it's the Time which became a liar, you lied, I lied, we all lied, so have emerged out of that world and the suffering of that world.

So they are the basis of our evolution and we cannot have any revenge for our basis. We can only become a service to them. There is no rancor, no revolution, The bloodshed? You don't want to kill somebody whom you want to conquer, you have to have bodies to conquer them.

So you don't kill anybody, you love bodies, but conquer them and the bodies become happy. Because, you have conquered them with love, knowledge and with Self-respect and they will regain what they have lost. So if you surrender to a person who has achieved Self-Respect and knowledge you will lose your disrespect for your own existence and your puny performance called intellect. Which denies you any right to your own existence and wants to collect people to your same idea of self-destruction. Right?

It's called intellect right? John Paul Sartre is an intellectual right, if you read his book, you are left with an idea of suicide and nothing else because Jean Paul Sartre tells you no matter how much you suffer, compromise with it, because you cannot reconcile with it.

So compromise is intellect.

Reconciliation is intelligence of Supermind.

So it's not only politics, knowledge is comprehensive and is formless, but it can assume any form if there is resistance. Politics is a form of knowledge and I can apprehend this puny politics of a seeking ignorance of a bunch of liars. Right?

They have created such a labyrinth of lies for they don't know how to extricate themselves, but we can help them to extricate themselves. But, no revenge for anybody!

I guarantee that if you don't lie and don't hate I'll become your circumstances and protect you even from inescapable physical death, nothing shall happen to you.

Bom Shankar Bholenath! Wake up my Self Oblivious Gods and Goddesses!
